

QUÉBEC

What a great place to go for a drive!

When you drive through Québec, you feel like you are driving through Europe. And, what better place to explore than Québec City, the heart of it all?

Québec is a province in east-central Canada and the only Canadian province that has a predominantly French-speaking population. Québec occupies a territory nearly three times the size of France or Texas, and 90% the size of Alaska. It is bordered on the south by the US states of Maine, New

Hampshire, Vermont, and New York. It also shares maritime borders with Nunavut, Prince Edward Island, and Nova Scotia. Québec City is the capital of Quebec with a 2011 population of 516,622.

The Québec Tour takes us through the area around Québec City and the beautiful village of Beaupré. You will see many pedestrians and bicyclists that will require your special attention.

Enjoy your Tour!
